Steven Masood will be sharing his Testimony of escaping death as an apostate Muslim in Pakistan. His 23 years as a Professor and Evangelist in England only to be told by the police that they could no longer guarantee his safety. His subsequent move to the USA where he continues his evangelistic work with the Islamic community.

Steven will also be sharing some of the strategies Islamists use to evangelize our college students and gain power within our governments. He will share with us how they accomplished this in England and now have their sights set on the USA. Steven and Karen will also be bringing a plethora of study books, bible studies and outreach materials that he has written to make available to all who attend.

Recommended donation amounts are from five to thirty-five dollars.

Awareness. Prayer. Take Action.

There is a rise in activity of the Council of American-Islamic Relations (CAIR) throughout the state of Florida. According to data from 2024, there are over 500,000 Muslims in Florida. One third were born in the U.S., with the remaining 69% immigrants from Pakistan, India, Egypt, and Palestine. CAIR is currently holding conferences throughout America. Most notable would be a past conference held on August 30th, where Rashida Tlaib declared "**Death to America. Death to Jews. Death to Christians.**" The CAIR is a lobbying and advocacy group with a mission to advocate for justice for Muslims and empower American Muslims. CAIR is linked to Islamic Association of Palestine, a front group for the designated state-sponsored terrorism group Hamas. The Muslim Brotherhood is the father of these organizations. The Muslim brotherhood's master plan for domination in North America is entitled The Project, an agenda that they do not hide. **Take Action** by clicking [here](https://www.votervoice.net/mobile/IFAPRAY/campaigns/130154/respond)
